Bill Walker:

I do not remember why there are two bonding appropriations (s. 20.866 (2) (te) and (tf)) for the nonpoint source program. I have a vague idea that this came about because of a veto, but I have not taken the time to go back and investigate. If the intent is that these two appropriations be used for different purposes, they should probably be amended to differentiate between those purposes. Otherwise, it might be preferable to consolidate the two appropriations. Let me know what you think and also if you want me to look into how this came about. (I think we went through this last budget, too, and ended up only increasing the bonding authority in one of the nonpoint bonding appropriations.)

Becky: Regarding your note,

We did not make an increase to (2) (tf) last budget (leaving it at \$2 million). The reason, as I understand it, is that they do indeed have different purposes, (2) (tf) is no longer used, but Frank Hoadley does not want to consolidate the two because some bonds are still outstanding.

I'd just as soon not amend (2) (tf) either just to avoid additional work now (isn't that always the way :-). I'm not sure what amendments Frank would be comfortable with given the outstanding bonds.

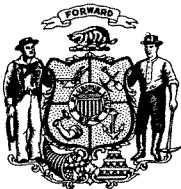

Bottom line: can you move the \$6 million increase out of (2) (tf)?

Thanks!

FOR 2005-07 BUDGET -- NOT READY FOR INTRODUCTION

1 **AN ACT ...; relating to:** the budget.

Analysis by the Legislative Reference Bureau

ENVIRONMENT

WATER QUALITY

Under current law, DNR, in conjunction with DATCP and local governmental units, administers a program to provide financial assistance for measures to reduce water pollution from nonpoint (diffuse) sources. This bill increases the general obligation bonding authority for nonpoint source financial assistance by \$6,000,000.

Under current law, DNR also administers programs to provide financial assistance for the management of urban storm water runoff and for flood control and riparian restoration projects. This bill increases the general obligation bonding authority for these programs by \$4,700,000.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
